Senate: 1
House: 29

Anticipated start date:

SPRING 2008

UDOT will widen and improve 3500 South to three lanes in each direction from Decker Lake Drive to Bangerter Highway. The project has progressed through an environmental study which divided the corridor into two phases. Phase 1, the section of 3500 South between Decker Lake Drive and 2700 West, has been fully designed.

Phase 2, which is in design, will widen 3500 South from 2700 West to Bangerter Highway. UDOT will also coordinate design with the Utah Transit Authority for inclusion of center-running Bus Rapid Transit (BRT). UDOT plans to finish Phase 2 design and advertise the project for construction by February 2007.

For questions, please contact Justin Smart, Public Information Manager, at 801 608-6369 or see
